CURES WORST CASES OF CATARRH

Just Breathe Hyomel Four Times a Day and Be Cured.

Not until Hyomel was discovered, had it been possible to say truthfully that a remedy for catarrh was known.

Hyomel cures the worst cases of catarrh simply by breathing the remedy through the pocket inhaler that comes with every outfit. Using the treatment in this way for a few minutes, four times a day, every particle of air taken into the air passages and lungs is laden with germ-killing and health-giving Hyomel.

Stomach drugging often causes disordered digestion, and never makes a permanent cure of catarrh. Hyomel not only kills the germs in the throat and nose, but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the catarrhal germs in the blood.

The complete Hyomel outfit, consisting of a vest-pocket inhaler and medicine dropper, and a bottle of Hyomel, costs only \$1. If this does not effect a complete cure, extra bottles can be obtained for 50 cents.

If you cannot obtain Hyomel of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for a free sample bottle and consultation blank that will entitle you to service of our medical department without charge. The R. T. Booth Company, Hyomel Building, Atlanta, N. Y.

and instructor at the Bijou roller skating rink for some months, has resigned and left for Roanoke, where he will be manager of the rink there. While in Richmond Mr. Olds made many friends, who regret that he has left the city for good, but who are glad that he has accepted a more lucrative position.

It was Mr. Olds who taught little Alex. Taylor, the boy wonder, how to become such a fast skater.

SMALL CASES.

Justice John Has Many Trifling Offenders to Deal With.

Henry Wilson, white, was sent to the grand jury yesterday morning on the charge of stealing a gold watch and a pair of spectacles.

John Pemberton, a negro, for stealing a lot of lead pipe got thirty days, and Sam Carter, who stole a John B. Stetson \$5 hat from another negro, went to the jail for two months.

Maudie Lella Harris, a negroess from the Ward, said that her real name was just Lella, but "for short they call me Maudie Lella." She sliced one Luberta Howlett in several places some weeks ago and will explain to a jury why she did it.

It wasn't proven that Jackson Timberlake, a negro, sold cocaine, the negro witnesses against him all being dog fiends.

H. S. Tumbin said he abused another man "as a matter of business."

"As a matter of business, I will have to lock you up until the check reaches here," said Mr. Robbins, the keeper of the pen, and in went Tumbin.

MAYOR'S APPROVAL.

Number of Ordinances Recently Passed Receive His Signature.

Mayor McCarthy yesterday handed to Chief Clerk August of the City Council, the following ordinances which he has signed:

An ordinance appropriating \$600 for improvements in the office of the City Treasurer.

Transferring the property at Broad and Adams streets and Brook avenue from the Grounds and Buildings Committee to the Streets Committee.

The run was through "Grantlands," where a number of good plank fences were encountered, and which all failed to negotiate; across Green's place, over "Westwood," "Chantilly," "Acacia" and to the club-house, where the only casualty of the run occurred.

The following are the Council committee meetings scheduled for this week:

Monday-Committee on Poor, 8 P. M., at the City Almshouse.

Tuesday-Electricity, 8 P. M.; Finance, at 8 P. M.

Wednesday-Streets, 8 P. M.

Thursday-Light, 8 P. M.; Health, 8 P. M.; Grounds and Buildings, 8 P. M.

Friday-Cemeteries, 5:30 P. M.

It is more than probable that a special meeting of the Common Council will be called for one night this week to receive from the Finance Committee the long looked for budget.

Chief Werner's Report.

The chief highly commends the good and quick work of the mounted men-mounted on bicycles.

HUGE BLOCK HAS SLOW JOURNEY

Twenty-Five-Ton Stone Moves Along By Inches in Toilet-Trip.

THREE WEEKS ON THE ROAD

Left Depot Two Weeks Ago and Will Arrive Middle of This Week.

The huge block of stone which is to form a basic part of the Jefferson Davis Monument is having a slow and toilsome journey to its final resting place.

It left the Richmond, Fredericksburg and Potomac depot, on West Broad Street, two weeks ago, and it is now a little over 100 feet beyond the Lee Monument. Yesterday it moved about a half-block, and it still has a block and a half to go. It will reach its destination probably by the middle of this week.

Twenty-Five Tons.

The process of moving the block of twenty-five tons is very slow and arduous. It is inched along on a wooden platform placed on wooden rollers and drawn by an engine. As the block goes on, the rollers are taken out from behind and placed in the front, and this process is continued during the whole journey.

Several blocks of granite of this size have taken their passage in this manner. One was drawn along by fourteen mules, and the trip took three weeks. But the blocks are now being moved by the stationary engine.

Progress on the monument is being made at an astonishingly rapid rate. A great deal of the dressed granite and one of the columns have been put in place. The memorial will be of a colossal size and will be visible for a great distance. It will stand in a huge circle and will be located on West Monument Avenue, about 200 yards from the Boulevard.

Talley-Gaines.

Mr. William Henry Talley and Miss Fannie Gaines, of Hanover county, were married on Tuesday afternoon, February 23, 1906, at the residence of the bride's sister, Mrs. Baunders, East Franklin Street, in this city. The wedding was a quiet one, on account of the recent death of Mrs. William Gaines, the mother of the bride. The ceremony was performed by Rev. C. H. Ryland, D. D.

Mr. Talley is the daughter of Hon. William Gaines, who served as representative his county in the State Legislature. She is the granddaughter of Dr. William Fleming Gaines, of Powhatan.

Mr. Talley is a prosperous citizen of the county, greatly respected and loved for his sterling character.

LOQUACIOUS BONIFACE TELLS OF FAMILY LEMONS

Mr. E. Linwood Thompson, proprietor of the Lexington Hotel Buffet, has on exhibition at his place a lemon weighing one and a half pounds and about three inches in circumference. The sour fruit grew in the home of Mr. Thompson's brother-in-law, Mr. G. P. Mountcastle, of Portsmouth, and was sent here as a reminder of the lemon punches that are being served in the seaport city from other lemons from some sea.

The lemon that Mr. Thompson has is the smallest of six that the tree bore this year.

Davenport Murder Trial.

(Special to The Times-Dispatch.)

NEWPORT NEWS, VA., February 24.-Only a part of the evidence for the Commonwealth in the case of A. L. Davenport, charged with the murder, had been heard when the court adjourned to-night until Monday. The jury is now at a hotel in custody of the sergeant.

When court adjourned, the attorneys were arguing over the admissibility of a note written to a lawyer by the prisoner, Wilbur Tilden, a young mail-carrier, died at the general hospital this afternoon after a brief illness from typhoid fever. The young man came here from Baltimore several years ago.

Anti-Annexation Circular.

Several Manchesterians have within the past day or so received by mail copies of a circular that bears the name and which is proposed to set forth the objections to the consolidation of the two cities. This circular, printed in miniature newspaper style, says that the consolidation of Manchester and Richmond will do great harm to Manchester citizens, further gives an argument along this line.

But down in the paper, leaving aside the question of the accuracy of the rest of the statements, is the assertion, made prominent by large type, that the Richmond newspapers declined to print the resolutions annex to annexation that were offered in the City Council of Manchester.

All readers of The Times-Dispatch know this to be untrue. Every resolution that has been offered in either the Board of Aldermen or the City Assembly, has been printed in this paper and in the Manchester columns. The annexation might not have been the same as the resolutions, for there are few resolutions, indeed, that are printed verbatim. But the substance of each of them was told in The Times-Dispatch.

Here this paper shows the truth of the assertion. The circular, that in being so energetically circulated, is not signed, nor is there any mark on it to show in which printing office it was published.

Mr. J. T. Chaney, of Halifax county, is visiting Mrs. C. B. Price, in the city.

ALFALFA SPECIAL DOES FINE WORK

Three Thousand People Hear the Addresses in One Day.

(Special to The Times-Dispatch.)

HARRISONBURG, VA., February 24.-The farmers' institute alfalfa special this afternoon concluded a most successful trip over the Manassas-Harrisonburg branch of the Southern Railway. The train left Manassas yesterday morning, and arrived here this afternoon, after having made about fifteen stops, during which alfalfa experts lectured on the scientific way to grow the crop and the good results that have followed its introduction in Maryland and the Western States. The Southern Railway furnished the train free of charge.

To-day the train stopped at eight stations, and in the neighborhood of 3,000 people heard the addresses. Good crowds were present at all stations. Professor J. W. Westgate, of the United States Department of Agriculture, was the speaker on the theory of growing alfalfa, and Charles A. Councilman, of Baltimore county, Md., one of the most extensive farmers in that State, told of what had been accomplished along scientific lines.

C. W. Healer, member of the State Board of Agriculture, was in charge of the train. The visit of the train was a success from every point of view, and it is believed that alfalfa will be thoroughly introduced among the Valley farmers within a short time.

SHOT AND KILLED.

Superintendent of Camp Manufacturing Co. Kills Negro.

(Special to The Times-Dispatch.)

PETERSBURG, VA., February 24.-Henry Hill, colored, was shot and killed at Holdwater, Dinwiddie county, this afternoon by a man named Russell, superintendent of the Camp Manufacturing Company saw-mill there. Hill was employed in the mill and quarrelled with Russell about his week's wages, the shooting occurring after Russell had warned him several times to go away and leave him alone.

It is understood that the negro was drunk and had a long knife. Russell immediately sent for Sheriff J. W. Galush and gave himself up.

He is now in custody at the sheriff's house at Dinwiddie Courthouse.
